REVISED DOCUMENT
 after audit project

HISTORIC BACKGROUND

The Bama Belle was built in 1970 by the Dubuque Boat & Boiler Company in Dubuque, Iowa. Then known as the Captain Ann, she spent most of her days on the Cumberland River in Nashville, Tennessee.

Stretching 90' from tip of the stage to the rear of the bustle, she has a 28' beam and a 5' draft. The Bama Belle is an authentic split wheel paddle wheeler and weighs in at 54 gross tons. The two paddles are powered by two Detroit diesel engines affectionately named Thelma & Louise.
